

Model. HDM25AWHI

Heavy Duty Automatic - White 2.5kW with Non-Inductive Motor with Over Heat Protection

Features & Benefits

- BS EN60335-2:2003 compliance
- Comes with 3 Core x 1.5mm 1 Mtrs 13A cable
- Durable motor, vandal-proof and energy efficient in high use areas
- 360° rotating nozzle to suit hand or face use

Safety Information

IMPORTANT - Before undertaking any work on or maintenance of fitting:-

- Switch off power supply and allow sufficient time to cool before handling
- Do not dispose of decommissioned fitting in household waste
- Dispose of fitting in the appropriate section of your local civic amenity site or recycling centre only

Product Summary

Airmaster Hand and Face Dryers: The Airmaster range of hand and face dryers includes four 2.5kw heavy duty steel dryers. There are both automatic and push button options, each available in either a satin chrome brushed steel or a white powder coated finish. This range is designed for use in high traffic areas, such as service stations, clubs and train stations.

Technical Specifications

General Information	
Product Colour/Finish	White (Powder Coated)
Dimensions (mm)	270x240x200mm
Ingress Protection (IP)	IP21
Electrical	
Output Rating (W)	2500W
Input Voltage (V)	240V AC
Frequency (Hz)	50/60Hz
Heating Power Output	n/a
Current (Amps)	n/a
Approvals	CE, GS, RoHS
Rotation Speed (RPM)	Automatic
Performance Data	
Suitable Mounting Position	Wall mounting
Air Volume/Velocity (cb/h)	270 Cb/h
Air Speed (M/sec)	30m/s
Working Air Temperature (°C)	n/a
Nominal Air Flow (M³/h - L/min)	n/a
Effective Air Flow (M³/h - L/min)	n/a
Noise level (dB)	n/a
Drying time (secs)	10-15 secs (drying time)
Protection Time (secs)	Over Heat Protection
Cut-out Temperature (°C)	n/a
Rotation speed (rpm)	n/a
Construction	
Body	White plated diecast aluminium
Motor	n/a
Weight	6kg
Warranty Years	1Yr
Other	
Applications	Suitable for use in high traffic areas such as service station, clubs, railway stations and similar projects
